

UNITED FARMERS  
OF ALBERTA PLAN  
MONSTER CAMPAIGN

The big U.F.A. membership drive which is being planned for the first week in November will be held simultaneously with similar drives in Manitoba and Saskatchewan, so that it will be a real rallying week among the organized farmers' forces in the west. An army of canvassers will be at work; it is expected that 2,500 will be employed in Alberta, and a similar number in both Saskatchewan and Manitoba. Altogether the workers enlisted in the campaign in the three provinces should number not less than 10,000.

Each canvasser will, it is expected, cover his half-township in a car, and canvassers are being urged not to go alone, but to fill up their cars with friends and neighbors. In this way the U.F.A. workers in each district will be united together in a common cause, promoting that feeling of comradeship which is necessary to a successful issue of the campaign. "There is strength in numbers" is a good motto in this connection. Where one worker might be unsuccessful single-handed, two or three are likely to succeed.

The U.F.A. committee in charge of the drive have drafted plans for the organization of workers, and this work is being entered into enthusiastically in all parts of the province. The committee intend to allow nothing to interfere with the successful completion of this canvass the organized farmers realize that their task is to mobilize the farm people to the last man and woman.

The object of the drive is to cover the whole of the settled portion of the province completely on November 1st and 2nd, making a thorough canvass of every farm home. If the canvass is not completed on those dates it may be continued over the first week of November, but a strong effort will be made for quick, concerted action on the days decided on.

The plan of organization begins with an organizer for each federal constituency, who will be in charge of the work of that territory. Where it is impossible to get one man to handle the whole constituency, two may be appointed, each taking half. These organizations will work through, and in close co-operation with, the district boards. As far as possible, each District Political Director will assume direct responsibility for the organization of the drive in his own district. If unable to look after all his district, he will arrange with the constituency organizer to subdivide. The district captains, each having charge of approximately nine townships, will be appointed. Their responsibility will be to get one canvasser for each half-township in the territory in their charge, and working with the district director to see that all plans are completed with these canvassers so that on November 1st they will start out to canvass every elector in their half-township. Every one of the canvassers will be required to sign a pledge to do this work, and no one will be asked to undertake it who is not prepared to do it thoroughly.

When the drive commences on November 1st every canvasser will send by first mail the report of his daily work, together with all the money received and duplicates of all receipts, to the U.F.A. Central Office, Calgary. The reason for having all reports and money mailed direct to Central Office is simply to permit of the daily recording of progress, the assurance of accuracy in accounting, and the tabulation of the work done. The collections will then be properly allotted among the various district associations and locals benefitting through the drive.

The work of perfecting the organization for the drive has already begun. Meetings of the various constituency boards will be held early in October, where the division of territory among the workers will be definitely decided upon. U.F.A. workers throughout the province are entering into the plan with the spirit and determination that ensures success.

As there are only a limited number of season tickets to the Chautauqua, get yours now and don't be disappointed.

## MACLEOD MARKETS

Below are given grain and produce market prices in Macleod, the grain quotations are those current up to 3 o'clock on Thursday of each week, and produce markets are Thursday morning's quotations each week:

R. C. M. P. SPORTS  
HELD AT BANFF  
AUGUST 28 - 30

Below is given a comprehensive report of the sports events, put on at Banff by the squadron from Macleod, on August 28th last:

1. Best turn out mounted—1st, Cont. J. R. Purdie, cigarette case; 2nd, Cont. W. N. Holmes, tobacco pouch.

2. Tent pegging with lance—1st, Const. R. C. Houghton, silver wrist watch; 2nd, Const. Geo. Bone, silver cigarette case.

3. Tent pegging with sword—1st, Sgt-Major P. F. Healy, gold cigarette case; 2nd, Const. J. Passey, fancy cigarette case and Const. A. R. Hobkirk, leather cigarette case.

Note—Consts. Passey and Hobkirk both made seven runs each and picked a peg each time, consequently it was declared a draw by the judges and an additional prize (leather cigarette case) was very kindly donated by Br. Gen. MacDonald, H.F.

4. Tilting the ring—1st, Sgt-Major P. F. Healy, Japanese cigarette case.

5. Individual jumping, mounted—1st, Const. H. P. Friel, gold cigarette case; 2nd, Const. W. Charette, gold cigarette case.

6. Victoria Cross race—1st, Const. E. P. Byrne, gold rimmed cigarette holder.

7. Alarm race (better known as the boot and saddle race)—1st, Const. J. Horvath, box of cigars.

8. Balcony meleé—Won by No. 2 Troop, Constables Lowe, E. Harrison, W. E. Campbell, R. and Allen, E. E. one fancy post card album each.

9. Wrestling on horseback—Won by No. 1 Troop, Corp. Fritz, Const. Duguay, J. O. Gibson, N. A. and Clayton, W. J. one pair of cuff links each.

10. Tug of war, mounted—Won by No. 1 Troop, Corp. Fritz, Consts. Hopkirk, A. R., Clayton, W. J. a nd Gibson, N. A., one fountain pen each.

11. Mock polo game—Won by No. 1 Troop, Consts. Goddard, Kent, Williams and Considine, box of cigars each.

12. 440 yards race (dismounted)—1st, Corp. Houghton, R. C.; 2nd, Const. Smith, E. H.; 3rd, Const. Boisvert, J. M.; 4th, Const. Patterson, J. P. C., one pair of gold cuff links each.

13. 100 yards dash—1st, Const. Boisvert, J. M., box cigarettes.

15. Tilting the bucket—1st, Constables Hamond and Reynolds, pipes.

16. Best comedians—Const. Patterson, J. P. C., \$3.00 cash; 2nd, Const. Bonner, J. P., fountain pen.

Note—Owing to the difficulty in judging which was the best of the two comedians, an additional prize (\$3.00 cash) was very kindly donated by Mr. R. S. Stronach, Rocky Mountain Park Superintendent, and donated to Const. Patterson.

17. Catching the thief—Representing one of the old western hold-ups, very successfully carried out and making a big hit with the spectators.

Attendance was about 3,000 people, mostly American tourists.

Judges were Brig-Gen. H. F. MacDonald, Major Wood and Col. West-Jones.

Prizes were presented by Lady Loucheed.

Concluded by speech by Mr. R. S. Stronach, Park Supt.

The sports were organized by Sgt. Realy and Corp. Anderson, under the supervision of Supt. Douglas.

One of the jokes of the day was a party of American tourists, seeing some of the men in Catching the Thief stunt with schaps on, walked up to Corp. Anderson and wanted to know who the men were with the fur pants on.

18. Section jumping—First Section, Consts. Godard, Williams, Considine and Schlesinger, box of cigars each. Second Section, Consts. Dupont, Byrne, Hobkirk and Friel, ivory handle pen knife each.

SUGGESTION RE  
WAR TROPHIES  
—TO THE G.W.V.A.

It has been suggested to The Times that the captured German guns that fell to Macleod in the allotment of war trophies should be moved to the Court House Square, properly mounted on cement bases and coated with vaseline to offset the ravages of rain and snow. The idea seems a good one. This might be feasible through the medium of the local G.W.V.A., appointing a committee to interest townspeople in the thus dignifying of these laurels of a righteous victory. In case interest could be evoked in the matter to the extent of getting together the necessary funds (by popular subscription) to finance the project immediately and emplacements prepared in the Court House Square for the accommodation of the guns at once it would appear quite seemly that the G.W.V.A. should include in their proposed Thanksgiving Day celebration a fitting ceremonial in connection with moving and mounting the trophies.

## S. ARMY ANNOUNCEMENT

Great Salvation meeting will be conducted at the Salvation Army next Sunday at 7.30 p.m., by Lieut. R. Battersby, officer of the Macleod Corps. Topic will be "What Saith the Scripture?" You are invited, and you will be welcome. Come and bring a friend.

MACLEOD PUBLIC  
SCHOOL HONOR  
ROLL FOR SEPTEMBER

In the report as given below order of merit is according to order in which names appear:

Grade I Jr.: Class A—Alice Cleaver, Margaret Wicks, Ethel Thornton.

Class B—David Cooney, Christopher Cooney, James Allan.

Grade I Sr.: Class A—George Johnson, George Bell, Lois Ashcroft. Class B—Donald Southland, Marie Knisley, Frank Townsend.

Grade II—Hope Dillingham, Hazel McNab, Margery Greenwood, Marjorie Wood, Jean Hillard, Eileen McNeil.

Grade III—Grace McKinnon, Gladys Cooney, Marion Hill, Jessie Little, Margaret Reid, Isobel Hutton.

Grade IV—Marjorie Townsend, Oliver Gardner, Mabel Young, Irene Tweed, Ritchard Butcher, Kathleen McNab.

Grade V—Elsie Hurdall, Tordis Carlson, Jim Lambert, Lisle Hodnett, Margaret Curse, Clive Burrows.

Grade VI—Lillian Andrews, Clara Dillingham, Irene McCausland, Jean Gordon, Isobel Hodgins, Mildred Wood.

Grade VII—Ruth Palmer, Fred Gibson, Marjorie Armer and Claudia Gardner equal, Margaret Brewster, Albert Swinerton.

Grade VIII—Geraldine Gilmour, Merle Reid, Mae McDonald, Mattie McFadden, Clinton Keats, Gweneth Gilmour and J. D. Andrews equal.

E.H. ATKINSON.

## NAVY LEAGUE CAMPAIGN

October 21st is Trafalgar Day, and that famous and memorable anniversary will mark the climax of a campaign throughout Canada to be carried on under the auspices of the Navy League. The direct object of the campaign will be to secure the needed funds to finance and carry on a permanent educational policy in Canada. For the avowed purpose of fostering the sea instinct in Canada educating our youth to the sea traditions of the British Navy, and of impressing upon the public of Canada the important part our commerce on the seas plays in the national life of the country and Empire.

All through Canada a revival of interest in the work of this organization has been manifested through the instigation of those comparatively few whose zealous enthusiasm for the objects of the League has never slackened, and this campaign will mark the definite start of a policy that has been recognized since the war as essential to the well-being of the Dominion, namely, a constant effort of interest and education which will keep alive in the hearts of the Canadian people, and particularly the young, that interest in and responsibility for the highways of the seas which mean so much to Canada's daily commercial life, her national security, and the safety of the Empire.

History has already watched Canada retrograde in seventy years from the position of third to eighth marine country, and every thinking Canadian realizes that the flame rekindled with the thunderbolt of war should never again be allowed to die down. It is understood now, as never before, that only by the lanes of the sea is Canada linked to the Empire; the products of her fields, her mines and her factories to the markets of the world. The feats of those fleets that carried Canada's sons forth and back, that transported Canada's munitions and Canada's food when the issue depended in agony upon them; an dwich carried them in the face of an appalling danger not even yet fully guarded, they have created a tradition that Canadians should reverse, and as a nation, continue to uphold.

The campaign of the Navy League in Canada should need no further call than the quotation of the motto of their emblem, "Keep Watch."

## OCTOBER ROD AND GUN

Teeming with interest to all who have heard the Red Gods calling, Rod and Gun in Canada for October will especially appeal to followers of the trap-line. The leading story of this splendid issue of Canada's premier sportsmen's monthly is entitled, "Animickiwash Lake." Illustrated with six pages of photographs taken right on the trap-line by F. V. Williams, it will appeal to everyone who ever had dreams of capturing the many fur-bearers which go to make Canada the richest in wild life. George R. Belton tells in his own inimitable manner how he has been mistaken for several kinds of wild animals. His story will be read with interest. The usual contributors, Bonnycastle Dale, Robert Page Lincoln etc., need no introduction to the sportsmen of North America. In addition to the regular departments this month, M. U. Bates takes charge of the Trap Line department and will conduct it in the usual interesting manner. Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

Millions of shingles and the dry kiln and loading platform of the Dominion Shingle Company were destroyed at New Westminster, B. C., when fire did \$70,000 damage to the plant.

Season tickets to the Chautauqua are transferable to the owners family.

SUBSCRIBERS PAYING  
FOR THE TIMES  
DURING THE WEEK

Following are the names of those paying subscriptions to The Times during the past week:

John R. Heron, Brocket; Anonymous, Macleod; O. J. Collis, Spring Point; H. M. Bohne, Orton; Mrs. R. Gillespie Macleod.

## TELEGRAPHIC BRIEFS

NEW YORK, Oct. 2.—(Canadian Press)—Some of the larger newspaper plants in this city were visited by a party of members of the Imperial Press conference yesterday. They will leave for Quebec today thence they will sail for home.

NEW YORK, Oct. 6.—A year in prison awaits apartment landlords who fail to give their tenants heat of 68 degrees from six a.m. to ten p.m. when the temperature outside is 50 degrees or lower, the health commissioner announced yesterday.

NEW YORK, Oct. 6.—The shipment of ten million dollars in gold arrived here today by the steamer Olympic from Southampton. Most of the bullion was consigned by the Bank of England to the reserve bank. The rest was for Kuhn, Loeb and Company.

HARPER, Kansas, Oct. 6.—Governor Allen, in an address here yesterday, announced he had requested President Wilson to investigate the Chicago Board of Trade with a view to preventing hammering down of wheat prices.

He has asked the president to lay an embargo upon Canadian wheat which he said is coming into the United States in competition with United States wheat.

MONTREAL, Oct. 4.—After a little delay in the river, the Canadian Pacific Ocean Services liner Scandinavian from Liverpool and Southampton arrived in port this morning, bringing the remainder of the Olympic athletes and a large number of passengers. Eight stowaways were discovered on board. All but one were foreigners, the exception being a Canadian. He will be allowed to remain in Canada, but the rest are being sent back to England where they will stand trial.

NEW YORK, Oct. 1.—(Canadian Press)—The Wall Street Journal this morning publishes a dispatch from Chicago stating that Minneapolis millers have recently bought one million bushels of Canada wheat and Chicago millers 400,000 bushels. Buffalo, New York, Sandusky, Toledo and St. Louis millers also have taken a considerable amount of the new crop. Milwaukee millers took 200,000 bushels during the last two days. There also have been large purchases of Canadian flour on this side at a dollar or more a barrel below the prevailing prices in the United States exchange, the dispatch adds Canadian wheat sales at eastern lake ports yesterday were at 18 to 19 cents over Chicago December delivery.—Lethbridge Herald.

## "THE PERFECT LOVER"

Eugene O'Brien, the screen's hand-somest and most popular actor, makes his debut as a star in "The Perfect Lover," a Selznick Pictures production and a story particularly adapted to his talents.

"The Perfect Lover" which will be seen on Wednesday and Thursday next at the Empress theatre, is an adaptation of Leila Burton Wells' famous novel, "The Naked Truth" and a Ralph Inch production.

It is the story of Brian Lazar, a young artist, who dreams of a career as a painter of beauty. Mrs. Byfield, a strikingly beautiful, love-starved woman in search of sensation, is attracted by a picture of a lovely, charming, country girl, which Brian has painted. She is informed by the master of the school that the boy's genius may be wasted because he has not enough money to proceed with the calling of his choice.

Mrs. Byfield is impressed with the boy. She realizes that now is her opportunity to have what before she has been denied—the friendship and devotion of a dreamer—young, handsome and idealistic. She takes him to the city where a start is made possible for him on an advance from her husband. He paints her picture and becomes the vogue among society women not because of his painting, but because of his good looks and charm. He is "the perfect lover."

After many months of living in an atmosphere of incense among leaning women with weary eyes and insatiable no time to be lovers—he rebels. He returns to the small country town and marries the little country girl whose picture brought him fame.

But he has forgotten how to work. Here he is not a craze. People do not adopt him as they did in the city. Fate plays a pretty mean hand until—well, see the handsomest man on the screen in "The Perfect Lover" and learn what happened to him and his girl wife.

Brantford citizens will be appealed to cease using electric heaters.

P. BURNS AND  
THE GREAT WEST  
SADDLERY WILL NOT  
QUIT BUSINESS

A rumor has been current in Macleod that P. Burns Meat Market and the Great West Saddlery were to close out business here—The Times has been informed on reliable authority that this has no foundation in fact. It would be a misfortune to Macleod to lose either of these established business concerns. In the matter of the P. Burns Meat Market it is well known that they put much money in circulation in this district—buying unlimited quantities of beef, mutton, hogs and poultry as well as butter and eggs, for which they invariably pay cash—the firm in many instances paying the cash to customers who have bills due on their books. They are doing a good business here and too long credits is the only feature of their business that would possibly drive them out of Macleod.

"OLD LADY 31" WITH  
EMMA DUNN COMING

"Old Lady 31," the quaint comedy of simple folk by Rachel Crothers, starring Emma Dunn, will be the feature picture at the Empress theatre, for a run of two days, beginning next Monday. According to the theatre management, this is a "glad" play that will appeal to every class of picture-goer.

Certain it is that "Old Lady 31" who reproduced by Lee Kugel on the stage was one of the greatest theatrical successes New York ever saw. It ran for more than a year in the metropolis, and subsequently for long engagements in Boston, Philadelphia, Chicago and other large cities. It is even now being played "on the road," so great is its charm and popularity. Angie is the faithful wife of Captain Abe Rose, a seafaring man whose improvident ways have brought him and his life partner to the verge of poverty. Angie never reproaches Abe, even when their home slips from them, and all their earthly possessions must be sold at auction to raise enough to place Angie in an old women's home. Abe is planning to go to the poor house, but the thought of a parting after so many years together wrings the hearts of the two aged people.

At the door of the old women's home they are overcome with emotion. The spinsters and other derelicts take pity on them and agree to install Abe in the home as "old lady 31," so that he may be near Angie. He is, of course, the only male being in the institution and instantly becomes the centre of feminine admiration and attentions.

So long as Abe distributes his favors he gets along gall right, but when he is indiscreet enough to make too much of a fuss over one faded "boarder," the storm breaks about his head. The adventures of Angie and Abe in the home are a source of sustained merriment, with occasional tugs at the heartstrings. And the ending of the story is so happy that it brings a feeling of grateful satisfaction.

## GOLF NOTES

The annual competition for the Chipman Cup presented by Mr. Chipman of the H. B. Co., was held on Sunday last and won by Mr. D. G. MacKenzie.

This cup is of almost historic interest as it is the oldest known Golf trophy in Alberta and was first competed for when golf was in its infancy in this province and when the Macleod Golf Club was the only organization in existence for the furthering of the interests of the game.

Mr. MacKenzie played very well and turned in a score of 34 and 36 making a total of 70 which is well nigh a record for this course.

Mr. MacKenzie also wins the medal which goes with the Cup and becomes the property of the winner.

Mr. MacKenzie is also the winner of the weekly handicap with a score of 76.

## NAVY LEAGUE CAMPAIGN

The Navy League campaign is already going with a swing in various parts of the province.

The town of Alderson sent in their appeal, and is four times the amount asked for. Seba Beach also forwarded their quota, and their amount was also in advance of the assessment.

If it continues Alberta will "Go Over the Top" for the sailor boys, quite easily.

The main objects of the campaign are to continue training the boys throughout Canada. To continue the sea conscious spirit in the people, in the government, in the schools. To continue upholding every Sailor's Home, Institute, and Sailors' Welfare Society in Canada.

To continue to relieve distress of dependents of Merchant sailors.

"THEY DIED—WE LIVE."

## HERE'S YOUR OPPORTUNITY

Wanted—Young man, handsome, sober (by compulsion) and industrious, wishes to meet young woman with money. Object to go to the Empress to see Will Rogers in "Almost a Husband," Friday and Saturday. Don't send photo with application as theatre is dark anyhow. No triflers need apply.

ORGANIZATION OF  
S. M. IRRIGATION  
PROJECT AT ONCE

A. R. McFadden has received the required official information as to land titles in the proposed added area of the South Macleod Irrigation project, and petitions will be circulated forthwith and organization consummated at an early date.

NO REDUCTION  
IN PRICE OF  
DODGE CARS

Official confirmation of press dispatches from Detroit, announcing that there will be no reduction in the price of Dodge Brothers Motor Cars, has been received by Dilatash and White, the Dodge Brothers' dealer in this city. A telegram from C. W. Matheson, acting general sales manager to the local dealer, reads:

"Dodge Brothers policy has ever been to give full value for the price asked. There will be no reduction in the present prices of Dodge Brothers motor cars. Newspaper reports to the contrary are absolutely untrue."

"Dodge Brothers announcement was no surprise to us," said Mr. Dilatash. "In fact it is only a substantiation of Dodge Brothers business principles. At no time have they ever demanded an excess amount for their product. As in the past, they will continue in the future to demand a fair return for their efforts."

"The mere fact that the demand for Dodge Brothers motor cars is still greater than the supply, despite the great expansion program at the factory, it has absolutely nothing to do with the decision to continue the present prices. In marketin gtheir car Dodge Brothers have never made a point of price and will never sacrifice the quality of their product to enter price competition."

A recent telegraphic despatch says: "The Hart-Parr Company, manufacturers of tractors at Charles City, Iowa, announced today that they would protect every person, who purchases one of their tractors, against a reduction in price before June 1, 1921. If through reduction in manufacturing costs they are able to reduce the price of their tractor before next June, they guarantee to refund to the owners who purchase tractors between now and June 1st, the full amount of that reduction."

A LETTER TO  
FRANCE IN 1667

In 1667 the Jesuits wrote to Old France that, as a country could not be formed entirely without the assistance of manufacturers, an industry was already in operation making shoes and hats, and that another industry was contemplated for the making of linen and leather. In that year, 253 years ago, there were twenty shoemakers in the territory now comprising the Dominion of Canada, against the 158 shoe factories that today maintain in prosperity some 22,000 workers.

## BABY CLINIC

The Baby Clinic held in the Parish Hall on Saturday Oct. 2nd, was well attended in spite of the unfavorable weather. The local Council of Women are greatly indebted to those who gave their services so freely for the benefit of the public. Dr. Kennedy, Dr. Kirk and Dr. Fancett were in the hall from 2 to 6 o'clock and were kept busy all the time. 20 children were given a thorough examination and the parent furnished with a chart, so that each mother could tell if the child was above or below the average. The Health Department at Edmonton sent down a number of exhibits, and also sent Miss Davidson, a Provincial Health Nurse, to superintend the arrangements. Owing to shortage of nurses to assist the doctors, Miss Davidson was unable to give the demonstration and talk expected.

Miss Margaret Macdonald, Miss Jones and Mrs. Horner, with the assistance of others, made it possible to chart so many children in the afternoon. Each child was weighed, measured, the doctor then examined the throat, eyes, ears a nd chest and any defect noted. Dr. Fancett was kept so busy examining the teeth, that he had no time for the expected talk on the care of the babies' teeth.

The idea of holding a Baby Clinic annually, is to secure a physical history of the child from birth, until it comes under medical inspection at the school.

Alex. McDonald, local J. I. Case agent, and James McAllister, made a flying trip to Calgary Tuesday of this week to arrange for delivery of a threshing rig, consisting of a Case 15-27 engine and a 26-46 separator, fully equipped, which Mr. McAllister had purchased from Mr. McDonald, and which will be operated north and west of Macleod. Parties having any idea of buying an engine or separator can see demonstration of above rig at Alex. McDonald's farm two and a half miles north-west of Macleod Friday or Saturday this week.

The Chautauqua—Entertaining, amusing and educational. Adult season tickets, \$1.75; junior, \$1.00.

Don't forget the I.O.O.F. dance to be held in the Oddfellows Hall on the event of Thanksgiving Day—Keep this date open.

### LOCAL AND PERSONAL

A. Young and T. B. Martin sallied out to the Belly River last week and accomplished the demise of four fine wild geese. These are the first trophies of the open season for these fowl that have been reported locally.

At the regular meeting of the Macleod Town Council, held on the evening of Monday, October 4th, only routine business came up for consideration, there being nothing of importance to record.

Frank Vellacott's numerous local friends last Saturday joined in an informal party in celebration of his birthday, which fell on that date. Mr. Vellacott was the recipient of numerous souvenirs of the occasion and many felicitations.

Mr. and Mrs. J. B. Wilson and baby Wilson, of Blairmore, are the guests of Mrs. C. D. T. Becher, Mrs. Wilson being a daughter of Mrs. Becher. Mr. Wilson was formerly accountant in the Union Bank at this point, and is now manager of the branch of that institution at Blairmore.

It is noted that plate glass windows in Macleod lately have been hard hit—hard enough to ruin the one in R. D. McNay's Drug Store and one section of the Hudson's Bay Company's front. As usual the cause was the catapulting of stones from under automobile tires.

In the personal items of the Calgary Herald of a few days since it was noted that Mr. and Mrs. G. M. Proud were registered at the Palliser. Mr. Proud was for nine years the manager of the Union Bank at this point and is now acting as inspector for that institution with headquarters at Edmonton.

Mr. and Mrs. D. G. Mackenzie returned on Wednesday of last week from a four month's vacation spent mostly in Edinburgh, Scotland. Mr. Mackenzie's former home being in that city. Mr. Mackenzie says conditions are prosperous in the old country, especially mentioning agricultural and coal mining interests.

R. W. Russell returned on Saturday last from a business trip to Calgary. Mr. Russell says he saw so many Macleod people in Calgary that he could hardly distinguish the difference between that burg and the home town—those noticed were: Dr. Bussells, Major Burrell, Geo. Scougall, Miss G. Sanderson, Mr. and Mrs. J. Marks, Mrs. Dowson and Mrs. Price.

M. E. Comp. J. Allen, Grand Supt. of this district, and M. E. Comp. Norman McLeod, Grand First Principal of the Grand Registry of Alberta, were official visitors with Bekah Lodge No. 7, A.F. and A.M., on Tuesday night last. There was a good attendance of members and after the regular Lodge business the visiting officials were tendered a banquet.

MACLEOD — ALBERTA.

Mrs. D. J. Grier returned on Saturday morning last from a summer vacation of two months, spent in Ontario, visiting friends in London Windsor and Detroit. Mrs. Grier speaks in very eulogistic terms of the beauties of the east—the fruit, the gardens, etc. Mrs. Grier's enthusiasm is probably accentuated by the fact that she had not before visited the scenes of her home in the east for ten years.

On Wednesday evening of last week Mountain View Lodge No. 4, I.O.O.F., entertained, the guests being members of the above lodge and of Rebekah Lodge No. 23, and friends of both societies, about thirty-five couples, were in attendance, and progressive whist, refreshments and dancing made the evening an enjoyable one for all present. Prizes at whist were won as follows: First prize, ladies—Mrs. G. L. Pollard; booby—Mrs. H. J. St. George; booby, J. McNab. A recital of the affair would be incomplete without mention of the musical melodies diffused by Miss Margaret Watson at the piano.

Dear Reader—If by chance a whist player has reached you of the handicap billiard tournament said to be in progress at the Macleod Club (lean a little closer that you may catch these whispered words) you will refrain, we beseech you, from mentioning it or the names of the contestants—we beg of you to say nothing—absolutely nothing about it—as it is a dark, secret affair and tragic results might be entailed were a hint of it to reach the ears of the rank and file of Macleod—'sh—'sh—we earnestly entreat you—whisper it not in Gath, I pray you, nor say one word of it to the Philistines.

Do not miss the Chautauqua. Saturday, Monday and Tuesday, Oct. 9-11-12.

## Neuralgic Pains

Give Way to Soothing Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe, simple and effective treatment for both headache and neuralgia. Rubbed in where the pain is, it eases the tortured nerves and almost invariably brings quick relief. Keep a supply on hand.

Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. Its healing, anti-septic qualities can always be relied upon as a preventive against infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

If you are troubled with constipation or sick headache try Hamlin's Wizard Liver Wafers. Just pleasant little pink pills at drug stores for 50c.

### VOTING DATE SET FOR LETHBRIDGE N. IRRIGATION PROJECT

LETHBRIDGE, Oct. 1.—The date for the election in the Lethbridge northern irrigation district has been set for October 21. The bylaw has been returned from E. G. Long, of Toronto, and it will come before a meeting of the trustees of the district to be held on Tuesday or Wednesday. Notices will be posted throughout the district. Sixteen clear days are allowed for advertising, although the Act calls for fourteen.

All obstacles that have come up to delay the election have been now overcome and the trustees expect clear sailing.

In connection with the above The Times has been informed that the polling place for the district north of Macleod is to be at Hugh Mackintosh's residence. While there is no doubt that the vote will be affirmative, it is urged upon all eligible voters to turn out and thus ensure a big majority in favor so that there may be no flavor of uncertainty as to the mandate of the people of this district.

LETHBRIDGE, Alberta, Oct. 6.—The first practical step in the Lethbridge Northern Irrigation project was taken yesterday afternoon, when the board of trustees passed on the by-law for the issuing of \$5,400,000 worth of 30 year, 7 per cent, debentures to cover the cost of construction.

The by-law will be advertised according to procedure, today.

This will give ample time for holding the election on October 21, to cover the 14 day's time for advertising required by the 1920 Irrigation Act.

For the first seven years only interest shall be paid, which will amount annually to \$378,000 for that period. Commencing with the eighth year the interest sum will naturally lessen as the principal is paid. The first payment of principal will total \$101,055.98.

The last payment of interest and principal will amount to \$479,005.98. Arrangements were made for the polling booths. G. H. Dunning, secretary of district, was appointed returning officer. The polling booths will be situated at Iron Springs post office, with Deputy Returning Officer B. B. Spencer, in charge; D. D. Orcutt's residence, on S. W. Sec. 27-11-21, with Deputy Returning Officer J. R. Bulmer in charge; Miners' hall, Commerce, with Deputy Returning Officer Harry Johnston in charge; pool hall, Coalhurst, with Deputy Returning Officer H. B. Fuller in charge; public hall, Monarch, with Deputy Returning Officer James Johnson in charge; residence of Hugh McIntosh, N. E. quarter section 26-9-26, with Hugh McIntosh in charge.

### SECRET SERVICE OF BRITAIN'S G. P. O.

Great Britain's General Post Office has been the means of tracing several murderers. Few people are aware that it has its own secret service, called the Postal Service Inquiry Branch, where and letter or parcel arousing suspicion is carefully opened. A strict look-out is kept for letters addressed by friends to persons wanted by the police. Neill Cream, the poisoner, was discovered chiefly through information given to the police by the Postal Secret Inquiry Branch. Cream was a Canadian, and Scotland Yard managed to obtain a sample of the notepaper he used. Letters which were stopped were found to be written on Canadian paper. On being opened it was discovered that some of them had been written by Cream to various public men demanding money. Thus was the prisoner tracked and arrested.—Family Herald.

"And whom did you vote for, Miss Sophy?"

"Well, you see, the Republican was simply stunningly good-looking. But the Democrat had always been perfectly splendid to his family, so I marked both ballots, closed my eyes, shuffled them, put one in the box and tore up the other. Nothing could be fairer than that."—Life.

Newburg Presbyterians and Methodist churches have decided to unite.

### GUARD AGAINST CHILLS

Simple Precaution Against Dangers of Cold and Damp.

Cultivate the habit of taking a cup of hot Oxo—a cube to a cup—before going out in the cold or damp. Such weather is a tax upon the system, and the strengthening and warming powers of the concentrated beef-goodness fortify you against the evils consequent upon exposure.

If the uses of Oxo are new to you, try a tin of four cubes. Oxo greatly improves gravies, stews, or soups, and is a delightful, sustaining and appetizing beverage. It is excellent for children.

Regular users of Oxo prefer the larger tins of 10 and 50 cubes, using them in many different ways in place of meat.

NEW YORK, Oct. 6.—Sessions of the world's Sunday school association convention at Tokyo will proceed with the program unchanged, despite destruction by fire yesterday of the hall in which the convention was to be held, word to this effect being received here today at the offices of the association.

No one was injured in the fire. A number of Canadian delegates are in attendance at the convention, the sessions of which will continue until Thursday of next week.

THURSDAY, OCT. 7th, 1920

PROSPERITY FOLLOWS  
IRRIGATION

In keeping with the phenomenal  
development by irrigation of the entire  
valley of which it has the metropolis.  
Phoenix, Arizona, during the past  
decade has made startling progress,  
says C. J. Blanchard in the Reclama-  
tion Record. Its population during  
the period 1910-20 has increased 160.9  
per cent. and now registers 29,005.  
Not alone in increased population is  
her record a proudfest one. Her citi-  
zens, visualizing a community of 100,  
000 souls with optimistic farsighted-  
ness, have planned a model city. Its  
business and civic centre are modelled  
after the best plans of modern cities,  
and in the type of structure erected  
and projected the experience of prom-  
inent builders has been drawn upon.

One of the best and growing charms  
of the city is in the residential section.  
Today Phoenix partakes of much of  
the artistic beauty of Southern Cali-  
fornia's famous cities. The commu-  
nity spirit is everywhere in evidence,  
and in the highest sense is exhibited  
in home buildings and surroundings.  
Too much stress cannot be laid upon  
the great improvement seen in the  
development of an up-to-date school  
system. Phoenix schools now rank  
with the finest in the country. Her  
park systems, country clubs, and re-  
creational resorts are being improved  
and extended in keeping with the pro-  
gress along other lines. It seems a  
far cry to the staggering old town of  
1902, with its low roofed adobe dwell-  
ings, its unpaved streets, and the wide  
areas of desolation surrounding it.  
Wealth beyond the dreams of its  
pioneers has followed quickly in the  
wake of reclamation. The benefi-  
cence of national reclamation was  
never more clearly shown than in  
this valley and the charming munici-  
pality of Phoenix.

## CATTLE FOR SALE

The undersigned offers for sale his  
bunch of twenty-four head of cattle  
as follows:—  
8 cows (2 fat and three gentle  
milkers).

1 two year old steer, fat.  
3 two year old heifers.  
2 yearling steers, 2 yearling  
heifers.

4 heifer calves and 4 steer calves.  
Also two mares for sale cheap,  
7 and 8 years old, weight 1050 and  
1200.

This livestock can be seen on ranch  
at Six Mile Coulee.

JOHN L. FAWCETT.  
31-2t Macleod, Alberta

Strange, said the first tramp medi-  
tatively, "how few of our youthful  
dreams ever come true!"  
"Oh, I dunno," said his companion  
"I remember when I used to dream  
about wearin' long trousers, and now  
I guess I wear 'em longer than any  
one else in the country."

GREAT WEALTH OF  
ALBERTA'S BIGGEST  
WHEAT CROP

In the face of a late spring and  
an abnormally short growing season,  
Alberta will have by far the great-  
est wheat crop in its history, accord-  
ing to the Bureau of Statistics, which,  
as related in a special dispatch from  
Ottawa to the Herald yesterday, es-  
timated that the wheat yield of this  
province would be 82,072,000 bushels.  
This production establishes a record  
for the greatest previous harvest was  
that of 1915 when 60,000,000 bushels  
of wheat were threshed. Not only is  
the production larger by nearly 23,  
000,000 bushels than in 1915, but the  
value of the wheat in the open market  
is more than two and a half times  
as great. It is figured out that if this  
year's wheat brings an average of  
\$2.60 a bushel, the revenue to Al-  
berta's farmers from this department  
alone will be \$215,727,200 as against  
a revenue of \$50,000,000 in 1915 and  
of \$63,349,000 in 1919.

In addition to this valuable wheat  
crop there is a splendid yield of oats,  
124,958,000 bushels, so the bureau es-  
timates, and of rye, of barley, of  
flax, of potatoes and root crops, of  
alfalfa and of hay. The livestock  
was never in better shape than at  
present, and there were never more  
cattle in Alberta than today, for the  
natural increase plus the importations  
have more than made up for the de-  
crease following last year's drought.

What Alberta's total agricultural  
revenue will be can only be estimated  
but it should be at least double that  
of any preceding year. Wheat and  
oats will produce approximately  
\$300,000,000 and the other farm pro-  
ducts should be worth another \$150,  
000,000. Manufactured products and

You Remember WILL ROGERS in  
"Jubilo"—See Him at the  
EMPRESS Next  
FRIDAY & SATURDAY  
IN  
"ALMOST A HUSBAND"

## WILL ROGERS SAYS:—

These Goldwyn directors make you do all the things you can't  
—and then they're satisfied.  
Fine climate—yes—especially these days—it's so good you don't  
want to use it up—so you keep out of it all you can.  
The only night life a "movie" actor gets out in California is when  
they build a cafe set for him to use in a picture.  
I see where an oil painting sold back in New York for \$260,000,  
and I says to my wife, "They pay more for stills than for 'movies,'  
don't they?"  
I saw Geraldine Farrar and Lou Tellegen in their Cadillac, and  
so I went and bought one. I says to my wife, "What's good enough  
for Geraldine Farrar is good enough for me."  
Say, this picture's going to be some novelty. None of the man-  
agerial force has ever read the story.  
When Goldwyn decided to make fewer and better pictures,  
that's when they got me. I guess it'll be a pretty good picture at  
that—an awful good cast—and the star ain't in it much. By tak-  
ing out some of my action and putting in a title, they helped it a lot!

coal will bring the total to at least \$500,000,000.

When it is considered that a few  
years ago Alberta had absolutely no  
exportable products, the record of  
this province must be regarded as  
nothing less than remarkable.

When it is further considered, that  
it is estimated that there are 105,

000,000 acres of land available for  
cultivation in Alberta, and that only  
7,000,000 acres are under cultivation,  
a dim comprehension of the great  
future production and prosperity of  
Alberta may be obtained.

Literally Alberta is only in the in-  
fancy of its production stage.—Cal-  
gary Herald.

CANADIAN  
SHOES FOR  
CANADIAN  
PEOPLEThe Price of Shoes  
vs.  
The Price of Other Things

It has been said that "comparisons are odious."  
And so they are—as a rule.

But it has been so repeatedly stated that shoe prices are  
"excessive" or "ridiculous," that we feel justified in making  
a comparison between the present price of shoes and the  
price of some other things that we buy.

The following prices are from Government statistics and  
cover the period from January, 1914, to January, 1920.

Advance in price of Iron and Steel	124 per cent.
Average wholesale advance in all commodities	146.4 "
Advance in price of Fruit and Vegetables	153.2 "
Advance in price of Textiles	206.2 "
Advance in price of Western Grains	259.6 "
Advance in price of boots and shoes	118.2 "

Shoe prices had to increase—naturally. The price of every-  
thing that enters into a pair of shoes has gone up tremen-  
dously in late years. For instance, hides have advanced  
154.6 per cent. in six years. One of the principal materials  
used in making fine shoes has advanced 500% in the same  
period. In fact, there is no single commodity used in the  
manufacture of shoes that has not advanced by leaps and  
bounds during late years.

But in spite of this a close margin of profits, efficient manu-  
facturing methods, and keen domestic competition, has  
resulted in lower prices than the above advances would seem  
to make inevitable.

These comparisons will show why shoe prices are higher—  
they have simply followed in the wake of general advancing  
prices.

But, in Canada, they are neither "excessive" nor "ridiculous,"  
but proportionately lower than most other things.

The Shoe Industry in Canada is an efficient and competent one—  
making shoes for the Canadian people which, grade for grade, are as  
low, or lower in price, as shoes obtainable in any Country.

Canada produces footwear of every desirable type, and of  
standard quality in all grades. When you buy Made in Canada  
Footwear you are assured, at fair prices always, of the utmost  
that modern skill can produce in Comfort, Service and Style.

**FIRE INSURANCE ON GRAIN**

We will insure your grain against fire in the stook, stack, granary, grain bin, or any place on the farm at ordinary farm rates.

You pay only for the time it is insured.

**K.A.Y. Realty Co.**

**LOCAL AND PERSONAL**

Mrs. (Rev.) Kennedy will receive 2nd Thursday, Oct. 14th.

Mrs. J. P. Rankin is visiting friends at Creston, B. C.

E. Maunsell was registered at the Palliser (Calgary) the latter part of last week.

Mr. and Mrs. Selwyn Metge motored to Calgary last week, returning on Friday last.

The Smith Orchestra went to Granum on Wednesday evening of this week to play at a hop in that town.

J. A. White, of the firm of Dillatash & White, was a business visitor to Calgary the first of this week.

Mrs. Claude Gardiner will receive on Thursday, October 14th and afterwards on the second Thursday in each month.

G. E. Vrooman, local inspector for the Soldiers' Settlement Board, returned on Sunday night last from a business trip to Calgary.

Mrs. George Cudoba and daughter, Miss Dorothy, of Frank, Alta., were the guests of Mr. and Mrs. J. T. Lockhead during the past week.

Mr. and Mrs. Tom Scott, formerly of Macleod, now of Pincher, passed through the city on Friday last. Mrs. Scott is a daughter of S. McCrea.

Mr. Christie, of Blairmore, will take the services in the Methodist church next Sunday morning and evening.

The following members of Alberta No. 3 A.F. and A.M., attended a masonic function at Pincher Creek on Monday evening last: Rev. W. J. Merrick, Rev. S. H. Middleton, J. W. More-

ash, C. W. E. Gardiner, J. S. Lambert and Dr. Kennedy.

Rev. W. J. Merrick and Rev. S. H. Middleton were Calgary visitors last week.

Mrs. F. C. Benson is at Brandon, Manitoba on a visit to her son, J. C. Benson.

Rev. S. H. Middleton will conduct services in St. Stephen's Church, Calgary, next Sunday.

Mr. W. V. Price left on Wednesday for an extended trip through the Maritime Provinces and Eastern states.

Fred Benson states that if the person who stole his potatoes will call when he is at home he will give them "a head" of cabbage.

Mrs. J. Shaw, of Arnprior, Ont., is a visitor with her niece, Mrs. Little, for the week-end, on her way to Winnipeg.

Mrs. E. Ivens, accompanied by her sons Jack and Charles, and daughter, Pearl, from Cardston, were visitors with Mr. and Mrs. J. Allen (23rd Street) during the past week.

Wensel Fat, head chief of the lower Blood Reserve, died on Monday evening last from old age combined with grief over the death of his son, Maxwell Wensel Fat, who died last spring.

D. L. Murison represented Macleod Masonic Lodge at the dedication of the new Masonic Temple at Granum the first of this week. Mr. Murison was accompanied from here by Norman McLeod, of Lethbridge Masonic Lodge.
